# Administration

Dear Students:

Each year I have held high hopes that the following year would see our world situation improve such that our graduating students could plan on normal conditions. It seems, however, that this is not the case.

Facing world conditions as they are in these days requires men and women with adequate educational background and the ability to apply it. On the basis of the achievements of the graduating class this year and of the achievements of the entire student body, I feel confident that you meet these requirements.

It may seem trite to say the future is in your hands, but nonetheless, this is true. Today, more than ever before, the rising generation needs to evaluate its ability to become active citizens in community, national, and international life. Your experiences at Escondido High School will help you to do your part to bring about better world conditions.

Congratulations to the class of 1962. May your good achievements continue as you disperse from this school and locate yourselves throughout the country and the world.

Sincerely yours,

G. W. Quade, District Superintendent

To the Class of '62:

Congratulations, students on a job well done. You have been successful in reaching your first educational goal, the high school diploma. Those of you who possibly can should be making final plans for continuing your education at the college or vocational school of your choice.

Escondido High School has achieved many honors this year. The students and staff should be extremely proud and pleased of these achievements.

I am sure that you have enjoyed knowing and having as your guests this year, the A.F.S. students from Sweden and Finland.

We all feel that this has been an experience that we shall not soon forget. We trust that they have, likewise, come to understand our way of life and will do their bit to promote peace and happiness throughout the world.

Good luck to you in the years ahead

Sincerely,  
W. P. Rodney

Mr. Don Short

The members of the Board of Education worked efficiently throughout the year on involved activities, and did their best to bring about many improvements at EHS.

**To the class of 1962**

Congratulations to the members of the class of 1962 for your outstanding record of achievements during the last four years. **You have worked hard and your rewards are well deserved.**

Having reached your goal of graduation you feel a sense of joy, yet there is a feeling of sadness too because **you are leaving something that you have helped build.**

These mixed feelings reflect the pattern of the successful life: setting goals, working hard to achieve them, feeling the pleasure of accomplishment, then re-setting new and higher goals. The common factor in all success is hard work toward a high goal.

We hope that during your four years at Escondido High School you have learned this lesson well. Your record indicates you have.

Best of luck and continued success.

# FROM THE EDITOR

What's That? You say you've lost page 40? Editor Marshall Smith always had an unconcerned look on his face, even in the midst of the chaos and suffering endured by the rest of the staff.

Hi Cougars.

This has been a good year for Escondido High. We dropped the Union out of our name as the two new schools Poway and San Marcos were opened. We had a little trouble getting used to the uncrowded halls and the lack of Powegians, but we adjusted. AFS got the ball rolling and Francese, Locka, and Kai came to EHS. They all made a hit with teachers and students alike. In sports, we proved again that Cougar spirit is tops by supporting our teams with equal enthusiasm at home and away. These are just a few highlights of a great year for EHS. But now that year is over. Graduation is only a short time away. We who are Seniors shall very soon be moving into the adult world, many of us never to see each other again. Next year you Juniors will be the BMOC's and the Sophs and Frosh will be upperclassmen, ready to welcome the new crop of Freshmen. It will be another great year for EHS.

I want to take this opportunity to thank the people who made the 1962 Gong possible. My sincerest gratitude to: Mr. Dave Bosson, Taylor Company representative, who gave the staff the assurance and guidance it needed; to Mr. John Day, the photographer and unsung hero of the '62 Gong, whose long hours in the darkroom, weekends spent retouching pictures, and patience really made this yearbook; to you the teachers and students of EHS, for your support and cooperation. I hope this book repays you in a small way for all of our breaking into your classes with announcements and passes. To the Gong staff goes a special vote of gratitude. You are a great bunch of kids, and working with you was a pleasure. I would like to express my particular appreciation to our advisor, Mr. Miller. He spent more time on and got more gray hairs from the Gong than all the rest of the staff combined. And when the work was finally put away each day, he had to drive to San Diego. How he stood the long hours is a mystery.

So, here is the Gong for 1962. Into it went "blood, sweat, and tears," not to mention a tremendous amount of time. I hope you enjoy looking through these pages, recalling those special moments that were highlights for you.

Sincerely,  
Marshall Smith  
Editor-in-Chief

Dave!  
 I wish you could  
 have stayed in French  
 long enough to enjoy the  
 wonderful music we had to  
 go through. Really you should  
 have stuck with it! Soads of  
 luck in the future.

Much love,

DAVE,

It's really been great getting to know  
 a terrific guy like you this year.  
 I can truthfully & sincerely say that you're  
 probably the most likable guy that  
 I've ever met. This trait will probably  
 carry you to the very best in life. You  
 sure deserve it. Remember our  
 friendship.
